

2019 Parent Skill Register

KCCC is a parent governed, not for profit organisation. We support building collaborative partnerships with families and communities to enhance children's inclusion, learning and wellbeing.

The Australian Children's Education and Care Quality Authority (ACECQA) identifies this as a crucial standard in the National Quality Standards for Early Childhood Education and Care to deliver quality outcomes for children.

These standards are listed as:

- authentic family engagement encourages the active participation of each child and their family in service decisions and the educational program
- reflecting on inclusive practice helps the service to identify and remove potential barriers to an inclusive environment and support the wellbeing of all children and families
- community engagement helps the service to build relationships between each child, the families of the service and the community they reside in, and encourages each child to develop their identity within the context of their local community
- as well as enriching programs, practices and policies, it provides an opportunity to support children to respect and value diversity.¹

KCCC values the expertise, culture, values and beliefs of families and respect that families share in decision making about the service, their child's learning and wellbeing.

We maintain a list of skills and contacts from our members which may strengthen and enhance our co-operative and children's outcomes and as such, we welcome your contribution to KCCC.
