Fee Assistance

Child Care Subsidy (CCS)

From 2 July 2018, the CCS replaced CCB/CCR. Eligibility and the subsidy percentage depends on combined family income and a three (3) step activity test applied to determine the maximum number of hours of subsidy per fortnight. An annual subsidy cap per child applies for families earning over the prescribed threshold. The subsidy percentage will range from 85% to 0% of the actual fee charged depending on individual family circumstances.
