

ADMINISTRATION OF FIRST AID POLICY

Mandatory – Quality Area 2

PURPOSE

This policy will provide guidelines for the administration of first aid at Kensington Community Children's Co-operative Ltd .

POLICY STATEMENT

1. VALUES

Kensington Community Children's Co-operative Ltd is committed to:

- providing a safe and healthy environment for all children, educators, staff and others attending the service
- providing a clear set of guidelines in relation to the administration of first aid at the service
- ensuring that the service has the capacity to deliver current approved first aid, as required.

2. SCOPE

This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Kensington Community Children's Co-operative Ltd, including during offsite excursions and activities.

3. BACKGROUND AND LEGISLATION

Background

First aid can save lives and prevent minor injuries or illnesses from becoming major ones. The capacity to provide prompt basic first aid is particularly important in the context of an early childhood service where staff have a duty of care and obligation to assist children who are injured, become ill or require support with administration of medication.

Legislation that governs the operation of approved children's services is based on the health, safety and welfare of children, and requires that children are protected from hazards and harm. The *Education and Care Services National Regulations 2011* state that an Approved Provider must ensure that at least one educator with current approved first aid qualifications is in attendance and immediately available at all times that children are being educated and cared for by the service. Under the *Education and Care Services National Law Act 2010*, the Australian Children's Education and Care Quality Authority (ACECQA) are required to publish lists of approved first aid qualifications. These lists are available at <u>www.acecqa.gov.au/qualifications/approved-first-aid-qualifications</u>. As a demonstration of duty of care and best practice ELAA recommends **all educators** have current approved first aid qualifications.

It is also a requirement that employers have appropriate first aid arrangements in place, including first aid training, first aid kits and first aid facilities, to meet their obligations under the *Occupational Health*

and Safety Act 2004. WorkSafe Victoria has developed a compliance code First aid in the workplace (refer to Sources) that provides guidance on how these obligations can be met.

Legislation and standards

Relevant legislation and standards include but are not limited to:

- Child Wellbeing and Safety Act 2005 (Vic) (Part 2: Principles for Children)
- Education and Care Services National Law Act 2010: Sections 167, 169
- Education and Care Services National Regulations 2011: Regulations 87, 89, 136, 137(1)(e), 168(2)(a), 245
- National Quality Standard, Quality Area 2: Children's Health and Safety
- Occupational Health and Safety Act 2004

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Approved first aid qualification: A list of approved first aid qualifications, anaphylaxis management and emergency asthma management training is published on the ACECQA website: <u>www.acecqa.gov.au</u>

AV How to Call Card: A card that the service has completed containing all the information that Ambulance Victoria will request when phoned. A sample card can be downloaded from: <u>http://www.ambulance.vic.gov.au/Education/Calling-Triple-0.html</u>

Duty of care: A common law concept that refers to the responsibilities of organisations to provide people with an adequate level of protection against harm and all reasonable foreseeable risk of injury.

First aid: The provision of initial care in response to an illness or injury. It generally consists of a series of techniques to preserve life, protect a person (particularly if unconscious), prevent a condition worsening and promote recovery. First aid training should be delivered by approved first aid providers, and a list is published on the ACECQA website: www.acecqa.gov.au/qualifications/approved-first-aid-gualifications

First aid kit: The Compliance Code *First aid in the workplace*, developed by WorkSafe Victoria, lists the minimum requirements for a first aid kit. *First aid in the workplace* is available at www.worksafe.vic.gov.au

Incident, Injury, Trauma and Illness Record: Contains details of any incident, injury, trauma or illness that occurs while the child is being educated and cared for by the service. Any incident, injury, trauma or illness must be recorded as soon as is practicable but not later than 24 hours after the occurrence. Details required include the:

- name and age of the child
- circumstances leading to the incident, injury, trauma or illness (including any symptoms)
- time and date
- details of action taken by the service including any medication administered, first aid provided or medical personnel contacted
- details of any witnesses
- names of any person the service notified or attempted to notify, and the time and date of this
- signature of the person making the entry, and time and date of this.

These details need to be kept for the period of time specified in Regulation 183. A sample *Incident, Injury, Trauma and Illness Record* is available on the ACECQA website.

Page 2 of 4

Medication record: Contains details for each child to whom medication is to be administered by the service. This includes the child's name, signed authorisation to administer medication and a record of the medication administered, including time, date, dosage, manner of administration, name and signature of person administering the medication and of the person checking the medication, if required (Regulation 92). A sample medication record is available on the ACECQA website.

Resuscitation flowchart: Outlines the six steps involved in resuscitation: danger, response, airways, breathing, compression and defibrillation. The Australian Resuscitation Council provides flowcharts for the resuscitation of adults and children free of charge at <u>www.resus.org.au/flowcharts.htm</u>

Serious incident: An incident resulting in the death of a child, or an injury, trauma or illness for which the attention of a registered medical practitioner, emergency services or hospital is sought or should have been sought. This also includes an incident in which a child appears to be missing, cannot be accounted for, is removed from the service in contravention of the regulations or is mistakenly locked in/out of the service premises (Regulation 12). A serious incident should be documented in an *Incident, Injury, Trauma and Illness Record* (sample form available on the ACECQA website) as soon as possible and within 24 hours of the incident. The Regulatory Authority (DEECD) must be notified within 24 hours of a serious incident occurring at the service (Regulation 176(2)(a)). Records are required to be retained for the periods specified in Regulation 183.
